

# Excel 400

## Bariatric 1900 x 900mm

Height-adjustable bath

### The new Bariatric Excel 400 bath from Renaissance.

A spacious height-adjustable bath which can lift up to **35st/220kg**. Hoist access panels enable the use of either ceiling track or mobile hoists for transferring the bather into the bath. The bath can be fitted with sensory options such as a spa, coloured lights and/or a Bluetooth audio system to give the bather a relaxing bathing experience.

#### 1900x900mm centre waste

The bath is also available as a Fixed bath in our Excel 100 range

#### Bath Dimensions

**Brassware.** We offer a range of brassware depending on the particular requirements of the client.

Lever taps are a popular choice and in conjunction with an underbath tmv3 valve, offer a WRAS-approved solution.

Bath Filler, again in conjunction with an underbath valve, gives you the ability to control the water temperature through one outlet.

Tmv3 Shower System (CAT5 Safe) is part of our WRAS-approved system and is the necessary choice in multi-user situations.

**Cradles and Transporters** – These Cradles are the ultimate in comfort for the bather. Available in three sizes and with a host of optional supports, the Cradle can be hoisted straight into the bath, either by overhead track hoist or mobile hoist. However, if used in conjunction with the Transporter, it can be tilted to use as a shower chair, or if moved to the vertical position, it will go over a toilet.

**Sensory Options.** In order to make the bathing experience more enjoyable and relaxing, we offer three sensory systems; 12 Jet Three Speed Air Spa, Bluetooth Audio and Colour-changing lights.

The **Air Spa system** has 12 jets in the base of the bath and has three settings. Pressing the button once gives a gentle massage effect, pressing it again gives a stronger massage and pressing it a third time gives a vigorous massage. A fourth press switches the system off.

**Bluetooth Sound System Fitted**

The **Bluetooth Audio system** allows you to connect wirelessly to a system so that you can listen to music or audio books; whatever is your preference.

The **colour-changing lights** can be set on any one of 11 specific colours, by pressing the operating button to the desired colour. Alternatively, after the 11th colour, a series of five automatic colour sequences is available, by again pressing the operating button, flooding your bath with soothing light.
